### WHAT MAKES US DIFFERENT

For the past 40 years, Ohio based Soft Touch Furniture has been a leader in the commercial furniture industry—a leader in durable, high quality commercial furniture with a strong reputation for affordable, quality, custom products, and excellent customer service.

We know that your project demands special attention. When you partner with Soft Touch Furniture, you receive expert knowledge, personal attention, and competitive pricing—a combination that sets us apart in the commercial furniture manufacturing industry. We are proud of our superior attention to detail and outstanding craftsmanship.

Our state of the art production facility, skilled craftsmen, and superior customer service allow our customers to enjoy creative design, world class quality, and direct from the manufacturer pricing.

Our team of dedicated craftsmen ensures each piece is produced to your exact specifications. From a single piece to a complete furniture package, we are your one-stop source for premium custom furniture.

# Let Soft Touch Furniture help you create your vision for your space

At Soft Touch Furniture, we pride ourselves in making beautiful high-quality booths and banquettes. They have been thoughtfully engineered to be attractive, functional, and low maintenance.

There are a cornucopia of options, from heights, to styles, to finishes, so you can be assured of getting the exact look you desire, at the price point you want. We offer booths in every size and shape imaginable and on the off-chance we don't have what you are envisioning, we'll make it. It's that simple.

## Possibilities

Our booth manufacturing capabilities are as limitless as your creative imagination. Anything you can think of we can design, whether it be a classic design like the Adams booth or something completely unique, we are up to the challenge.

Our catalog of booths is just a sampling of what we are capable of. If you don't see something you like, give us a call and we will work with you to get the design of your dreams.

## Global

At Soft Touch Furniture, we are not limited by geography. From our Ohio manufacturing facility, we reach the corners of the Earth—from all across the USA to Europe and Saudi Arabia, we have no boundaries. Plus, we can deliver on our own company trucks, and can install as well.

So we're there from beginning to end—initial concept, design, build, delivery, and installation. Thus, you can count on Soft Touch's quality every step of the way.

# Booth Shapes

We offer every booth shape imaginable, from classic diner to futuristic round rotundas. So whether you envision a casual appearance or something really contemporary, we've got the look for you. As always, we'll create custom work as needed, so if you have a column running down the wall, we'll not only incorporate it, but we'll make it look like it's an important part of the decor. Your space is not a limitation to us.

Things to take note of in your space when deciding which booth shapes you want to use :

- Location of all windows and doors
- Tight corners or small spaces
- Angled or curved walls
- Columns
- Long lengths of wall
- Any accessibility issues

# Booth Heights

There are several different height options for tables, chairs, and booths.

The height of furniture greatly effects the feel of your establishment. There are conditions to keep in mind when choosing the height of your furniture:

What atmosphere do you want to have (casual vs. formal)? Are there any regulations that you need to be aware of? Are there any architectural features of your space which may help determine the size of your furniture (lower ceiling, etc.)? Once you answer these questions, choosing the size of your furniture should be easy.

## DIFFERENT HEIGHT CHOICES

### Standard Height:

This is typically a table height of 28" to 30" and a seat height of 18" to 19". It is the most common height in restaurants. Not only do most people find this height very comfortable, it is also the only height that complies with ADA regulations.

### Counter Height:

This is typically a table height of 34" to 36" and a seat height of 26". They are typically more casual and make it easier to talk with people who may be standing. They can work well in small areas because they give the illusion that they take up less space.

### Bar Height:

This is typically a table height of 40" to 42" and a seat height of 30". This taller, thinner height is very good for small spaces and perfect for "bar area" tables. They have the same advantages as counter height furniture but even more so, because the difference between standing and sitting is so minimal, they create an extremely casual and "fun" atmosphere.

STANDARD HEIGHT

COUNTER HEIGHT

BAR HEIGHT

# Seat Options

At Soft Touch Furniture, you not only have many aesthetic options, but you also have choices in how the furniture functions.

The spring seat decking option offers the most comfort and the highest build quality available. Springs provide a more dynamic reflex than solid platform decks. The springs are fastened to each other ensuring they all work together to spread the pressure out more evenly.

Webb seat decking has a base topped with a 100% woven polyester webbing material and the platform seat decking has a solid base. Both bases are covered with a layer of high density foam contoured for ergonomic design.

All three seat options are very similar in comfort, so much so that we even have a hard time telling the difference. The platform seat and webb seat are more cost-effective options, so someone with a smaller budget can still get exceptional comfort.

Spring seat decking

Webb seat decking

Platform seat decking

## Seat Features and Options:

1. Upholstered or wood top and side caps
2. CNC engineered frame for consistency
3. Back cushion is 1 1/2" thick high density foam
4. 100 Point V-board
5. Polyester fiber top is used for additional initial softness and cover stability
6. 7.2 oz Sag-less burlap tops the spring assembly for additional support
7. 16 Gauge steel stabilizer oil tempered wire
8. Tempered steel sinuous wire (no sag) springs
9. Springs attached to frame with fully lined clips to eliminate noise
10. Premium high density seat foam
11. 5/8" high density flex pad, creates an even platform
12. Removable seat frames are assembled using screws, glue, & corner blocks
13. Seat support can be upholstered, laminate, or wood
14. Enclosed poly vinyl kick base or optional leg styles
15. Webbing is comprised of 100% woven polyester which allows for design flexibility
16. Platform seat decking is made from premium industrial grade particle board

# The Finishing Touch

At Soft Touch Furniture, every customer's project is manufactured to match their site specifications and unique design. To meet specific applications, styles, and price points the following attributes can be customized:

- Booth shape and length
- Seat depth (standard 18")
- Back height (standard 36")
- Back pitch
- Materials (upholstered or wooden)
- Upholstery styles and tufting
- Wood species and finishes
- LEED compliant materials available

Upholstered top cap

Decorative side cap

### CRUMB WIPE

Crumb wipes are added so that crumbs do not fall behind the seat. They are available in wood, vinyl, or laminate depending on booth construction.

Crumb wipe

### TOP CAP

Top caps are the separate finished pieces at the top of booths. They can be solid wood, upholstered or not used at all.

Top cap

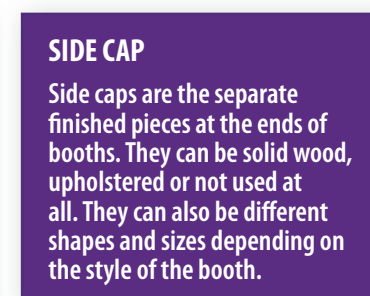

Upholstered side cap

Upholstered crumb wipe

Roll over top

### SIDE CAP

Side caps are the separate finished pieces at the ends of booths. They can be solid wood, upholstered or not used at all. They can also be different shapes and sizes depending on the style of the booth.

## Back Options

Here's the neat thing with booth backs—by changing the back, you can go from classic, to modern, to anything in between. We have back options galore, which guarantees we'll satisfy whatever look or feel you are visualizing.

Take a peek at our wide array of styles, textures, and patterns, and envision them in your space. And if you need help choosing, or want something unique, our expert designers are a quick call away.

Plain (Standard)

Plain back and wide (3"-6") head roll

Plain back and 3" frame head roll

Wide vertical channels (3"-6")

Wide horizontal channels

Graduated width Horizontal channels

Diamond tufted

Biscuit tufted

V-Back

### OUTSIDE BACK OPTIONS

There are three different outside back options. An unfinished back is where the back is covered with a heavyweight 100 point v-board panel and is not meant to be seen.

A wood outside back is finished with wood and is usually stained to match the rest of the booth.

An upholstered outside back is where the back of the booth is finished with upholstery, which usually matches the rest of the upholstery on the booth.

Unfinished Back

Wood Finished Back

Upholstered Back

## Bases, Legs & Technology

How your booth is finished influences its visual impact. Does it sit on a solid base, or are there legs with space underneath? There are two types of booth bases: A kick base which is an enclosed base that can be finished with solid wood, vinyl, or carpet, or an open base supported with legs (see below for leg options). Either is viable—it's more a matter of preference.

We live in an incredibly technological society today—computers, smart phones, Wi-Fi, etc. That can include your furniture, too. From furniture with USB ports to electrical outlets to specialty lighting to almost anything imaginable, we can create exactly what you need, and really "wow" your customers.

The options are numerous, so if you have a specialty lighting and/or technology need, just mention it, we can integrate it into your design. We have expert designers on staff, and will work with you to obtain the lighting and/or technology that works best.

### Power Data Station and Combination USB Charger

The combination usb charger and duplex outlets allow someone to either charge a device with a usb port or use a typical duplex plug. It also is tamper resistant and is compatible with most electronic devices.

#### 6501 Metal leg

## A Final Word

We hope you've found this brochure informative, and that it's given you an insight on not just our products, but the way we conduct business as well. In this hustle-bustle change-a-minute world, it's reassuring to find a company that delivers what it promises, and does so with a personal touch that seems to be a lost art today.

When you call us, you talk to real people who are focused on meeting your restaurant and hospitality furniture needs. Whether you own one establishment or are the buyer for a large chain, you can expect nothing less than our full attention and, most importantly, our very best work. Oh, and the cherry on top is we'll do it at a price that you'll love. High quality, American-made beauty does not have to break the bank. Yes, you can have it all. Get in touch with us today and prepare to be pleasantly surprised.
