We have been doing some exciting things with banquettes and benches—creative trims, chic tufting patterns, modern details, and lush materials.

A new twist on an old classic. Our Atlanta Style Booth is given modern 3D look with Diagonal Sewn Detail and contrasting insert. Plus a recessed kick base with wood legs adds to the curb appeal.

This stunning Banquette is built with a metal frame and legs. Blind Biscuit Tufting on Scott Fabrics Fuzzy Slurpee upholstery makes up the inside back, with Crown Jewel Indigo for the seat. The Studio Teak laminate arm rests have electric outlets, USB chargers for added convenience.

These astonishing Wild Cherry stained tables feature Transitional style bases that demand attention. They are paired with 100 wood mixed species tops for a look that can't be beat.
